### Real-Time

| Course   | Duration | 2026                  |                             |   |                       |
|--|----------|-----------------------|-----------------------------|---|-----------------------|
|  |          | May                   | June                        | July  | August                |
| MC4 - Multi-Core Programming with OSEK/VDX and AutoSAR | 3 days   | <i>on request</i>     |                             |   |                       |
| NR3 - NXP + FreeRTOS + West                            | 5 days   | <i>on request</i>     |                             |   |                       |
| NR6 - NXP + ThreadX + West                             | 5 days   | <i>on request</i>     |                             |   |                       |
| NRF5 - nRF Connect SDK Programming                     | 5 days   | <i>on request</i>     |                             |   |                       |
| RT1 - Real Time and Multi-Core programming             | 5 days   | <i>on request</i>     |                             |   |                       |
| RT3 - FreeRTOS Real Time Programming                   | 3 days   |                       | 15-17- Online EurAsia       | 13-15- Online EurAsia                       |                       |
| RT5 - Zephyr RTOS Programming                          | 5 days   | 18-22- Online EurAsia | 15-19- Online EurAsia       | 06-10- Online EurAsia<br>13-17 - Online USA | 10-14- Online EurAsia |
| RT6 - Real Time Programming with Eclipse ThreadX       | 3 days   |                       | 29/06-01/07- Online EurAsia |   |                       |
| RT7 - Real Time Programming with RT-Thread             | 3 days   | <i>on request</i>     |                             |   |                       |
| RTW - West, MCUXpresso SDK and Kconfig                 | 2 days   | <i>on request</i>     |                             |   |                       |

| FPGA  |          |                                       |      |                   |        |
|---|----------|---------------------------------------|------|-------------------|--------|
| Course  | Duration | 2026                                  |      |                   |        |
|   |          | May                                   | June | July              | August |
| <a href="#">ALT1 - CYCLONE-V CORTEX-A9 HARD PROCESSOR SYSTEM</a>                  | 5 days   |                                       |      | <i>on request</i> |        |
| <a href="#">ALT2 - FPGA Nios (Nios II / Nios V) implementation</a>                | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">H1 - Lattice Mico32 FPGA embedded processor</a>                       | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">H2 - Lattice Diamond</a>  | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">HX4 - AMD (Xilinx) - Microblaze implementation</a>                    | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">HX5 - AMD Zynq All Programmable SoC: Hardware and Software Design</a> | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">MSP - Microchip SmartFusion2 Programming</a>                          | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RV1 - RISC-V Architecture</a>   | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">V0 - Programmable components fundamentals</a>                         | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">V1 - VHDL Language Basics</a>   | 4 days   | <a href="#">04-07- Online EurAsia</a> |      |                   |        |
| <a href="#">V2 - Advanced VHDL for FPGA</a>                                       | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">V3 - Design with SystemC</a>  | 4 days   |                                       |      | <i>on request</i> |        |
| ARM Cores   |          |                                       |      |                   |        |
| Course  | Duration | 2026                                  |      |                   |        |
|   |          | May                                   | June | July              | August |
| <a href="#">AAA - ARM Cortex-A and R Architecture (v7/v8)</a>                     | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">AAM - ARM Cortex-M Architecture (v7/v8)</a>                           | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA0 - Cortex-A5 implementation</a>                                    | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA1 - Cortex-A8 implementation</a>                                    | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA2 - Cortex-A9 implementation</a>                                    | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA3 - Cortex-A15 implementation</a>                                   | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA4 - Cortex-A7 implementation</a>                                    | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA5 - Cortex-A17 implementation</a>                                   | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA6 - CORTEX-A57 implementation, ARM Architecture V8</a>              | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA7 - CORTEX-A53 implementation, ARM Architecture V8</a>              | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA8 - CORTEX-A72 implementation, ARM Architecture V8</a>              | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RA9 - CORTEX-A73 implementation, ARM Architecture V8</a>              | 4 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RC1 - NEON-v7 programming</a>   | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RC2 - NEON-v8 programming</a>   | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RI0 - AXI3 / AXI4 INTERCONNECT</a>                                    | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RM0 - Cortex-M0 / Cortex-M0+ implementation</a>                       | 2 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RM1 - Cortex-M1 implementation</a>                                    | 3 days   |                                       |      | <i>on request</i> |        |
| <a href="#">RM2 - Cortex-M3 implementation</a>                                    | 4 days   |                                       |      | <i>on request</i> |        |

|  |        |                   |
|--|--------|-------------------|
| RM3 - Cortex-M4 / Cortex-M4F implementation                  | 4 days | <i>on request</i> |
| RM4 - Cortex-M7 implementation                               | 4 days | <i>on request</i> |
| RM5 - Cortex-M33 Implementation                              | 4 days | <i>on request</i> |
| RR0 - Cortex-R4 implementation                               | 3 days | <i>on request</i> |
| RR1 - Cortex-R5 implementation                               | 3 days | <i>on request</i> |
| RR2 - Cortex-R7 implementation                               | 3 days | <i>on request</i> |
| RR3 - ARM Cortex-R52/R52+ Implementation and software design | 3 days | <i>on request</i> |

## STM32

| Course                                | Duration | 2026 |                       |                       |        |
|---------------------------------------|----------|------|-----------------------|-----------------------|--------|
|                                       |          | May  | June                  | July                  | August |
| STG - STM32 + FreeRTOS + LwIP         | 5 days   |      | 15-19- Online EurAsia | 13-17- Online EurAsia |        |
| STR7 - STM32 F4-Series implementation | 4 days   |      |                       | <i>on request</i>     |        |
| STR8 - STM32MP15 Implementation       | 5 days   |      |                       | <i>on request</i>     |        |
| STR9 - STM32 Peripherals              | 5 days   |      |                       | <i>on request</i>     |        |
| STR10 - STM32F7                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR11 - STM32H7                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR12 - STM32H5                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR13 - STM32U5                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR14 - STM32G0                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR15 - STM32G4                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR16 - STM32L0                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR17 - STM32L1                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR18 - STM32 L4/L4+ implementation   | 4 days   |      |                       | <i>on request</i>     |        |
| STR19 - STM32L5                       | 3 days   |      |                       | <i>on request</i>     |        |
| STR20 - STM32WB (BLE/Thread/Zigbee)   | 3 days   |      |                       | <i>on request</i>     |        |
| STR21 - STM32WL (Sub-GHz/LoRa)        | 3 days   |      |                       | <i>on request</i>     |        |
| STR22 - STM32WBA (BLE 5.4)            | 3 days   |      |                       | <i>on request</i>     |        |
| STR23 - STM32MP2 Implementation       | 5 days   |      |                       | <i>on request</i>     |        |

## TI SoCs

| Course   | Duration | 2026 |      |                   |        |
|--|----------|------|------|-------------------|--------|
|  |          | May  | June | July              | August |
| TI3 - Cortex M4 Texas Instruments Implementation and Ti-RTOS | 4 days   |      |      | <i>on request</i> |        |
| TK1 - KEYSTONE II IMPLEMENTATION                             | 4 days   |      |      | <i>on request</i> |        |

| NXP ARM  |          |      |                       |      |                   |
|--|----------|------|-----------------------|------|-------------------|
| Course   | Duration | 2026 |                       |      |                   |
|  |          | May  | June                  | July | August            |
| <a href="#">FA4 - i.MX6 Implementation</a>                           | 5 days   |      |                       |      | <i>on request</i> |
| <a href="#">FA5 - i.MX8m Implementation</a>                          | 5 days   |      |                       |      | <i>on request</i> |
| <a href="#">FA6 - i.MX8 Max Implementation</a>                       | 5 days   |      |                       |      | <i>on request</i> |
| <a href="#">FK1 - Kinetis MCU Implementation</a>                     | 5 days   |      |                       |      | <i>on request</i> |
| <a href="#">FK2 - Kinetis KL26z MCU Implementation</a>               | 4 days   |      |                       |      | <i>on request</i> |
| <a href="#">FQ1 - LS1021A QorIQ implementation</a>                   | 5 days   |      |                       |      | <i>on request</i> |
| <a href="#">NP1 - LPC21XX/LPC22XX microcontroller implementation</a> | 4 days   |      |                       |      | <i>on request</i> |
| <a href="#">NP2 - LPC17xx microcontroller implementation</a>         | 4 days   |      |                       |      | <i>on request</i> |
